SUMMARY

MSF candidate with a background in finance, valuation, and corporate forecasting. Proficient in financial statement analysis, Excel financial modeling, and business reporting. Experienced in financial operations and cross-functional collaboration, with hands-on exposure to budgeting, reconciliation, and compliance in a university research environment.

PROFESSIONAL EXPERIENCE & PROJECTS

Center for Applied Transportation Sciences

Tucson, Arizona

Student Intern— Operations & Finance Support

Nov. 2025 - Present

- Managed **30+ monthly transactions** (travel, procurement, reimbursements), ensuring full compliance with university financial policies and funding restrictions
- Supported budgeting, expense tracking, and account reconciliation across multiple streamlining transaction classification to enhance cost visibility and allocation accuracy
- Collaborated with cross-functional units (Business Office, AP, external vendors) to resolve account classification, object code, and payment discrepancies

Tucson Federal Credit Union

Tucson, Arizona

Risk Management Intern

June. 2025 - Aug. 2025

- Reviewed **over 300 dormant accounts** and high-value transactions under BSA/AML regulations, identifying multiple red flags and helping reduce Tucson Federal Credit Union's risk
- Conducted **20+ risk assessments** and internal testing, including website reviews and mystery shopping to identify potential reputational risks
- Executed **50+ zero-balance account closures** and coordinated with internal teams to comply with fraud prevention protocols

TXN Financial Model & DCF Valuation

Tucson, Arizona

Independent Project

Jul. 2026

- Built a fully linked three-statement financial model and DCF/WACC valuation for Texas Instruments (TXN) in Excel using 10-K data
- Identified through statement linkage that TXN's fab expansion capex was financed by a ~\$4B drawdown in short-term investments and ~\$5.3B in net new debt, not organic cash flow, revealing that the stable-looking cash balance masked underlying financing pressure
- Estimated an independent intrinsic value range for TXN using Damodaran industry beta and equity risk premium data in the WACC calculation

Power BI FP&A Dashboard

Tucson, Arizona

Independent Project

Jul. 2026 - Present

- Building a four-page Power BI dashboard (Executive, Sales, FP&A, Customer & Product Analysis) on a star schema data model with one fact table and four dimension tables
- Writing 8 DAX measures to support cross-page KPI analysis and department-level reporting
- Identified that the Furniture category generates high sales but disproportionately low profit margins, surfacing a category-level profitability gap for management review

EDUCATION

University of Arizona, Eller College of Management

Tucson, Arizona

Master of Science in Finance (MSF)

Expected Dec. 2026

National Taipei University of Business

Taipei, Taiwan

Bachelor of Business Administration in Finance | GPA: 3.69

Graduated Jul. 2024
